## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Whitaker (PCT WO 96/32761).

Whitaker's device an improved anchoring device (see figs. 4-7) a slide closure mechanism device boxes (2), constituted articulated with a lid or cover (6) of a Connector at 4 having four sides characterized in a slides (8) consists of respective longitudinal guides at 42, 44, 82 at running parallel and next to the sides (8) of the body of the connector, being articulated to the cover at 102 or 6 of the connector on a side thereof by a pair of pivoting points (104) enveloping each one of the slides on both lateral sides constituting an articulation of four pivoting points between the slides and cover of the connector; characterized in that the outer wall of said slide of the connector is coincident with that of the outermost pivoting points (see figs. 4-7).

### **Response to Amendment/Argument**

Applicant's arguments filed with the amendment on 1/12/2005 have been fully considered but the Examiner has done further search in view of the amended claims and use another reference (see the above rejection). The claims do not define structural structure features that distinguish over prior art: For example, Whitaker's device an improved anchoring device (see figs. 4-7) a slide closure mechanism device boxes (2),

constituted articulated with a lid or cover (6) of a connector at 4 having four sides characterized in a slides (see the above rejection).

Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP, 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
